CUMBERLAND VALLEY NURSERIES, Inc.

313 North Chancery St., McMINNVILLE, TENNESSEE. • Phone No. 97. • P.O. Box No. 308

To Our Friends:

In this special bulletin we offer items which we are growing in considerable quantity, and because of this large-scale production, they represent values for you. A study of this list will bring to light some really outstanding values, and we suggest that you read it carefully with this in mind. Also, since this is only a partial list of our trees and plants, we will appreciate inquiries about any additional requirements. If quantities are wanted greater than those quoted, we will be glad to make you special quotations on your needs.

We shall be glad to help you in any way possible in working out your planting problems. Our years of experience and our force of trained workers are at your service. It is hoped that for you who are not yet acquainted with our dependable stock this special list may be a colorful introduction to serve in the selection of your nursery requirements. We will sincerely appreciate your business. We hope you'll order early to obtain the best possible selection.

May we hear from you soon?

Sincerely, J. R. Bragg, Pres.

● **GUARANTEE.** We guarantee to deliver only select quality trees and plants, carefully packed so as to reach you in perfect condition, but we do not guarantee that all stock will live, as too much depends on the treatment the stock receives after it leaves our hands. Failure to grow may result from many causes beyond our control, for which we cannot be responsible. Claims, if any, for damages or inferior stock must be made within ten days after arrival. In no case can we be responsible for more than purchase price.

● **TERMS:** Our terms are net cash with order. Remittance may be made by Postal Money Order, Postal Note, Express Money Order, or personal check. Tennessee shipments require 2% Sales Tax.

Hybrid Tea ROSES

QUEENS OF THE GARDEN—
FOR ALL-SUMMER BLOOM
FROM COAST TO COAST

ETOILE DE HOLLANDE

CALEDONIA. Purest white; large and perfect. Light perfume. Very strong plant; recurrent bloom. Best of the whites and an excellent Rose for cutting.

EDITOR McFARLAND. Soft, glowing pink that stands the sun well. Large, double flower; very fragrant. Strong, profuse bloomer.

ETOILE DE HOLLANDE. A standard for comparison among red Roses. Bright red, unfading; upright stems. Rich old-time fragrance. Has been popular for over thirty years, in the face of strong competition from many fine new red Roses.

GOLDEN DAWN. Golden yellow. A well-shaped, double flower with rich tea fragrance. Excellent foliage; free blooming.

POINSETTIA. Buds long pointed; bloom large and very double, slightly fragrant. Unfading scarlet, like the well-known poinsettia of the Christmas season. Vigorous, compact; abundant bloom.

RADIANCE. Two-tone rose-pink. Globular bud opening to a full, cupped, very fragrant flower. Vigorous and healthy. One of the most reliable and very easy to grow.

RED RADIANCE. Cerise-red. Habit same as Radiance; together they make a dependable start for the beginner in Rose growing. They do well in practically any climate and location.

TALISMAN. A combination of gold, apricot, yellow and flame. The popular multicolor Rose. Generally does best in the fall. Rich, glossy, leathery foliage.

CLIMBING ROSES

TALISMAN CLIMBER. The same popular multicolor Rose as the bush Talisman. Delightful as a climber, producing quantities of long-stemmed flowers for cutting all season.

PAUL'S SCARLET CLIMBER. Vivid scarlet, semi-double blooms in big clusters. Profuse bloomer. Most popular and widely planted red climber. Disease resistant. Excellent as a screen.

All Roses, choice 2-yr., No. 1 plants, \$1.25 each; 10 for \$11.50

PAUL'S SCARLET CLIMBER

Flowering Shrubs

Beautify Your Home at Low Cost • Our Shrubs Are Select, Specimen, Finished Plants

Flowering shrubs are very useful in any garden. They serve as borders and hedges along boundary lines, as screens, in foundation plantings and as specimens on the lawn. There are so many kinds—all beautiful in their season—that it is not necessary to duplicate your neighbors' plantings. In flower, foliage and fruit, shrubs are decorative a good part of the year.

ABELIA grandiflora. One of the most useful and beautiful of all flowering shrubs. Dark, glossy, evergreen foliage. Grows 4 to 6 feet tall, making it ideal for foundation plantings, hedges and shrub borders. Plant is covered spring to fall with clusters of dainty pinkish white flowers. Select 18 to 24-in. size, \$1.50 each.

ALMOND, Double Pink-Flowering. Attractive dwarf shrub. Double pink flowers in masses in early spring. Select 18 to 24-in. size, \$1.00 each.

ALTHEA, or Rose of Sharon. An old-time mid-summer-flowering shrub, worthy of a place in modern plantings. Double Pink, Purple, Red, and White. Select 2 to 3-ft. size, \$1.00 each.

BARBERRY, Red-leaved. Foliage bronze-red, turning to fiery red in autumn. Popular for hedging or foundation planting. Select 18 to 24-in. size, \$1.25 each.

BUTTERFLY-BUSH, Charming. A very lovely shrub which produces lavender-pink spikes in summer. One of the most desirable of all flowering shrubs. Select 2 to 3-ft. size, \$1.00 each.

CRAPE-MYRTLE. Well-known southern shrub. Immense panicles of crinkled little flowers. Showy all summer. We offer these in White, Pink, Purple, and Red. Choice 2 to 3-ft. size, \$1.25 each.

FORSYTHIA, or Golden Bells. An early-blooming shrub producing deep yellow, bell-like flowers in spring, before leaves appear. Hardy and quite showy. Select 2 to 3-ft. size, \$1.00 each.

HONEYSUCKLE, Fragrant. Very fragrant, creamy flowers in early spring. Foliage remains nearly all winter. Very desirable, compact plant. Hardy. Select 2 to 3-ft. size, \$1.00 each.

Honeysuckle, Zabeli. One of the most shapely shrubs, with the finest foliage of all the bush Honeysuckles. A marvelous accent or specimen shrub. Attractive blue-green leaves, profuse red flowers in spring, and long-lasting red berries in late summer and fall. Select 2 to 3-ft. size, \$1.25 each.

HYDRANGEA, P. G. Old-fashioned, favorite shrub. Flowers creamy white, tinged with pink in late summer. Hardy. Select 18 to 24-in. size, \$1.00 each.

Hydrangea, Blue. Massive flowers, lasting for weeks, and very showy. For best results, plant in moist, acid soil, using peat moss or similar organic material. Strong 2-yr. plants, \$1.50 each.

FRENCH LILACS. An old shrub, more in demand than ever, because of much improved varieties. You are sure to enjoy these beautiful French Hybrid Lilacs. They will last a lifetime, blooming the first year after planting and annually thereafter. We offer Double Purple, Red, and White. Choice 18 to 24-in. size, \$1.50 each.

MOCK-ORANGE, Sweet. A very fine shrub. Has large-petaled, double crested flowers in clusters. Hardy. Select 2 to 3-ft. size, \$1.00 each.

FLOWERING QUINCE. Large shrub with scarlet blooms in early spring, followed by fragrant, yellow, quince-like fruits that hang on all season. Select 18 to 24-in. size, \$1.25 each.

SNOWBERRY. Bushy, handsome, dark green foliage, with profusion of waxy white berries in fall. A garden-club favorite. Quite showy. Hardy. Select 2 to 3-ft. size, \$1.00 each.

SPIREA, Anthony Waterer. Valuable dwarf, compact shrub. Excellent for foundation or border planting. Rosy crimson flowers borne in flat clusters at tips of branches during most of the season. Select 15 to 18-in. size, \$1.00 each.

PRUNUS PISSARDI

Flowering SHRUBS

BLUE HYDRANGEA

ROSE OF SHARON

SPIREA, ANTHONY WATERER

FRENCH LILACS

Spirea Thunbergi. Graceful bush covered with small white flowers in very early spring. Tiny fern-like leaves, turning to orange in the fall. Select 2 to 3-ft. size, \$1.00 each.

Spirea Vanhouttei. Most popular of the Spireas. Grows rather tall, with graceful, drooping branches. Great profusion of white flowers in early spring. Select 2 to 3-ft. size, \$1.00 each.

SWEET SHRUB (Calycanthus). Desirable old-fashioned shrub much in demand. Flowers chocolate colored, with spicy fragrance. Hardy. Select 2 to 3-ft. size, \$1.00 each.

TAMARISK, African. A strong-growing shrub with bright green, feathery foliage. Deep pink flowers in May. Hardy. Select 2 to 3-ft. size, \$1.00 each.

WEIGELA, Old-Fashioned. Drooping branches covered with an abundance of pink, bell-shaped flowers in spring. Grows to large size and is quite hardy. Select 2 to 3-ft. size, \$1.00 each.

Weigela, Red. Same as old-fashioned Weigela except that the flowers are deep carmine-red. An excellent shrub, very striking and showy. Hardy. Select 2 to 3-ft. size, \$1.25 each.

Flowering TREES

FLOWERING CRAB-APPLE

Trees of Unmatched Beauty Stately • Handsome

These delightful ornamental trees are extremely decorative when in bloom but are also attractive when clothed with summer foliage. They are outstanding landscape material.

CRAB-APPLE, Flowering. Among the loveliest of all flowering trees. Quantities of spring bloom, followed by an abundance of showy small apples in varying hues. Highly ornamental and valuable in any planting. Tree form. We offer **Eleyi** (best red) and **Hopa** (preferred rose). Select 4 to 6-ft. size, \$2.25 each.

DOGWOOD, White-flowering. Lovely four-petaled white flowers in spring on horizontally branched tree with spreading open top. Red berries in the fall. Select 3 to 5-ft. size, \$2.00 each.

DOGWOOD, Pink-flowering. A lovely flowering tree. Beautiful four-petaled pink flowers in early spring. Does best in moist soils. Very striking effect when combined with white variety. Select 2 to 3-ft. size, \$3.00 each.

PEACH, Double Flowering. Very double flowers like little roses in spring. Suitable for specimen or large group planting. We offer Double Red, which is a very showy and prolific bloomer, and Double Pure White. Order by color. Select 3 to 5-ft. size, \$1.75 each.

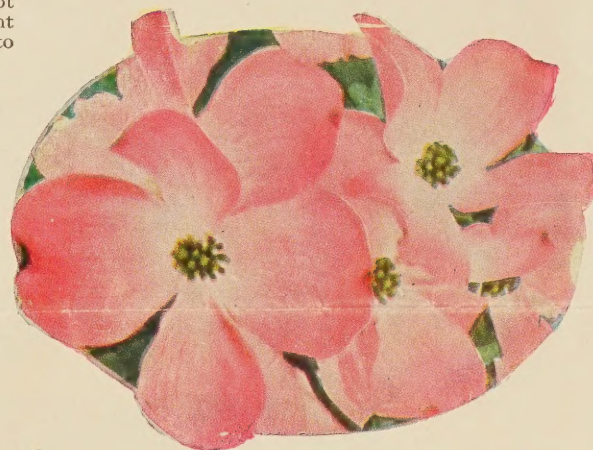

Peach, Red-leaf. The new sensational three-purpose tree. Ornamental blood-red foliage and a profusion of deep rose blooms, followed by edible red fruit which is excellent for pickles. You'll be delighted with this novelty. Select 3 to 5-ft. size, \$1.75 each.

PRUNUS Pissardi, or Purple-leaf Plum. Small tree with compact leaves of rich, dark purple and maroon. Stays red throughout season. Very lovely with contrasting delicate white blooms in early spring. Colorful and showy in any planting. Select 3 to 5-ft. size, \$1.75 each.

TULIP-TREE. A tall, pyramidal tree of stately beauty. Large, glossy leaves; huge, tulip-shaped flowers in early spring. Select 4 to 6-ft. size, \$2.00 each.

REDBUD, Eastern. Beautiful, well-known, ornamental tree, having double, reddish purple flowers in spring before leaves appear. Very striking and a general favorite. Hardy. Select 4 to 6-ft. size, \$2.00 each.

MIMOSA, or Silk-Tree. Attractive, lacy foliage on a low spreading tree. Large heads of pink, sweet-smelling flowers in May. Very graceful and lovely. Rapid grower. Select 5 to 6-ft. size, \$2.00 each.

CUMBERLAND VALLEY Dependable FRUIT TREES

Fruit Tastes Best When Picked Ripe and Fresh from Your Own Orchard

APPLES

The King of Fruits

EARLY SUMMER APPLES

- Anoka.** Bears on very young trees. Fruit large, faintly striped red of delicious, tart flavor. Fine for cooking a month before ready for eating.
- Lodi.** Improved Transparent, the favorite early summer Apple. Skin clear yellow; flesh white; flavor slightly acid.

FALL AND WINTER APPLES

- Red Jonathan.** One of the best in quality. Rich flavor; brilliant red skin. Excellent for both commercial and home use.
- Grimes Golden.** One of the best yellow Apples. Fine grained and juicy, with very pleasing, spicy flavor. Widely planted to pollinate self sterile varieties.
- Dark Red Delicious.** The most popular Apple of all time. Brilliant dark red color. Tree is one of the hardiest. A "must" in every orchard.
- Yellow Delicious.** Fine, firm-textured flesh, with golden yellow skin and pleasant flavor. An excellent variety for winter storage.
- Red Rome Beauty.** An improved Rome Beauty, identical in vigor and production. One of our most beautiful Apples and a favorite wherever grown. Bears large crops of delicious fruit.
- Dark Red Stayman.** One of the foremost Apples for both commercial and home use, and a universal favorite. An early bearer and very productive. Beautiful dark red skin; yellow flesh, firm, tender and juicy.

SENSATIONAL 5-N-1 APPLE

A Whole Orchard on a Single Tree

Five different varieties of Apples budded onto one Apple stock; gives you a chain of ripening, from early to late. Plant this in a corner of your yard or garden and delight your family and friends. 2 yr., 4 to 6-ft. size, \$2.90 each.

DWARF APPLE TREES

Require Little Space to Produce Big Delicious Fruits. Besides being a beautiful addition to the landscape, they develop crops of fruit each year. Never spread or grow taller than 12 to 15 feet, and make a colorful ornamental tree. Many varieties start fruiting the second or third year after planting. We offer four choice varieties: Dark Red Delicious, Yellow Delicious, Red McIntosh and Dark Red Stayman. 2 yr., 3 to 4-ft. size, \$3.25 each.

HANSEN BUSH CHERRY

A delightful ornamental shrub, producing delicious large, sweet, black cherries. Very productive and hardy. Dwarf growing; 4 to 6 feet tall at maturity. Plant two or more for best results. 3-yr. bearing size, \$1.25 each.

PEACH TREES

For Taste Thrills, Nothing Compares with a Ripe, Juicy Peach

Plant Cumberland Valley Dependable Trees

- Dixired.** Yellow clingstone, with good flavor. Bright red color; firm flesh. An excellent variety for freezing.
- Red Haven.** Brilliant red color and fine flavor. Very sweet, juicy and fine textured. Yellow freestone with tough skin, almost fuzzless. One of the best for shipping and freezing.
- Golden Jubilee.** One of the best early varieties. Very hardy and sure cropper. Fine flavor, yellow freestone; attractive color and fine texture.
- Southland.** Splendid new yellow-fleshed variety, ripening about sixteen days before Elberta. Freestone with little fuzz and extra flavor. One of the best for both home and commercial use.
- Hale Haven.** A "must" in every orchard. Very hardy and heavy bearer of perfect freestone, yellow-fleshed fruit. One of the best all-purpose varieties.
- Belle of Georgia.** The leading white Peach. Fruit large, highly flavored and very firm. Vigorous, hardy and productive.
- Elberta.** Most popular Peach on the market. Universally planted. Yellow freestone of excellent quality; juicy, firm but tender. Tree is hardy, productive and disease resistant.
- Late Elberta.** Very much the same as regular Elberta, but ripens about ten days later. Flesh firm, slightly tinged red about the pit. Very hardy in both tree and bud.

CHERRY TREES

Healthy, Heavy-Bearing Trees—Easy to Grow

SOUR VARIETIES

- Large Montmorency.** The universal canning and pie Cherry. Considered the finest sour Cherry in cultivation. Young trees produce tremendous crops of large, firm fruit.
 - Early Richmond.** The leading early sour Cherry. Trees vigorous everywhere planted. Fruits dark red; flesh pale yellow, tender and melting.
- Sweet Varieties
- Black Tartarian.** Most widely planted sweet Cherry. Adapts itself to many different soils and climates. Ripens early. Purplish red flesh, sweet and juicy.
 - Governor Wood.** A wonderful sweet Cherry for home use. Trees bear early. Fruit large, yellowish white, tender, sweet and juicy.

Choice 3 to 5-ft. size, \$1.90 each

PEAR TREES

Delicious Fresh from the Tree or Canned

- New Orient.** One of the very few almost entirely immune to blight. Its fruit is excellent fresh or canned; melting, juicy, mild subacid flavor. Interplant with Kieffer for pollination purposes.
- Bartlett.** Grown profitably in every Pear-growing section of America. Trees vigorous, bearing when young. Fruits large and long with clear yellow color when mature. Flesh fine grained and juicy.
- Kieffer.** This standard variety is widely known. Trees grow to large size. Fruit long and heavy; flesh coarse and not so sweet. Largely planted for canning, and is excellent for preserving.

Choice 3 to 5-ft. size, \$1.90 each

APRICOT, NECTARINE, PLUM AND PRUNE TREES

For a Taste Treat Eat These DELECTABLE FRUITS Fresh from Your Own Garden

- Early Golden Apricot.** New freestone variety with fine flavor. Skin is smooth, fuzzless, pale orange in color; medium to large in size. Flesh is yellow, juicy and sweet, with good flavor. Delicious for jams and sauces. Hardly Apricot trees grow like peaches.
- Surecrop Nectarine.** "Fruit of the gods!" Lovely pink blossoms in spring on small trees, and buds of sweet fruit in late summer. Smooth skin like plums; mellow, juicy flesh like peaches. Very fragrant. A treat, whether fresh or canned. Self-pollinating. Hardy.
- Abundance Plum.** A strong grower and profuse bearer, adaptable to a wide diversity of soils and climates. Fruit large, amber colored, nearly covered with bright red. Flesh orange-yellow, juicy and of a delicious sweetness.
- Burbank Plum.** Very hardy, and bears profusely on young trees. Fruit large, dark red; flesh amber, with rich sugary flavor. Plant with Abundance to insure proper pollination.
- Stanley Prune.** The sweetest and quickest to bear of any Prune yet grown. Often starts to bear the second year, and yields heavily every year. Fruit is covered with beautiful dark blue skin, over fine, sweet, juicy, golden flesh. Freestone, and a favorite for both canning and drying.
- Shropshire Damson Plum.** Best-known Damson. Very vigorous, hardy and productive, often overlaid with fruit. Skin blue-black; flesh golden yellow and rather tart. Parity freestone. Wonderful for preserving.

Select 3 to 5-ft. size, \$1.90 each

FIGS

The Fruit of the Coast Country - Produces Abundant Crops over Most of the Cotton Section

- Tops will sometimes kill back, but if dead wood is pruned out, plant will make new growth and bear fruit first season.
- Celeste.** Popularly called "Sugar Fig." Medium size; purplish brown, sweet and good. Very prolific.
- Everbearing.** Fruit brownish yellow, shaded bronze; flesh white with pink center, sweet and delicious. One of the most desirable Figs grown. Bears when quite small and usually all season.

Strong 2 to 3-ft. size, \$1.40 each

GROW CALIFORNIA-TYPE GRAPES

Selected Varieties Chosen for FLAVOR, SIZE AND YIELD

- They are delicious served fresh from vine and also for jellies, jams and juices.
- Bronx Seedless.** The new red Grape in the best seedless variety available today. Clusters and berries large; entirely seedless, firm and crisp. Excellent quality. Very vigorous; hardy in the North. Heavy-rooted, 2-yr. vines, \$1.25 each.
- Golden Muscat.** New California-type Grape hardy where the old Muscats would not grow. Golden yellow fruit with delicious, mild, sweet flavor. Firm and meaty with wonderful aroma. Large, waxy fruit. Heavy-rooted, 2-yr. vines, \$1.00 each.
- New Seneca.** Skinless, golden yellow, sugar-sweet. Firm, juicy meat and deliciously sweet flavor, with skin that is edible. Perfectly hardy where other northern Grapes are grown. Heavy-rooted, 2-yr. vines, \$1.00 each.

STANDARD GRAPES

- These need little except training, lots of sunshine and plenty of plant food.
- Agawam.** Vine hardy and most productive of all reds. Bunch and berry large, reddish brown; tender, vinous and of excellent flavor.
- Concord.** Most popular and most widely planted of all Grapes. Large bunches of medium-sized blue Grapes of excellent flavor.
- Fredonia.** A new, very early blue Grape with excellent flavor. Bunch and berry very large; very juicy and delicious. Vine vigorous and productive. Good shipper as well as popular home variety.
- Niagara.** An old favorite and the best known of the white varieties. Berries and bunch large, juicy and sweet. Midseason.

All Standard Grapes: Heavy-rooted 2-yr. vines, 50c each

ASPARAGUS

Fresh-Cut, Home-Grown Asparagus Has No Equal for Flavor

Mary Washington. The new pedigree rust-resistant variety. Best variety of all time. Easily grown. Great stalks, green color, rich and tender. Produces enormous amount of wholesome food at small cost and effort. Every garden should have some. Strong 2-yr. plants, 10 for \$1.00; 25 for \$2.25.

RHUBARB (Pie Plant)

Victoria. Another garden delicacy high in vitamin content and luscious goodness. Delicious for pies or sauce when served fresh, canned or frozen. Prefers deep, fertile soil, but requires very little attention. Not even necessary to move or replant each year. Produces long cherry-red stalks, very tender and large. Select 2-yr. size, 6 for \$1.50; 10 for \$2.25.

Pyramid Circular Terraced Garden

Here's the way to have a Strawberry bed in one-third the space ordinarily required. Made of tough aluminum alloy, the Pyramid is long lasting and weather resisting. Easy to erect. Complete instructions sent with each order. Pictured is the large 4-terrace Pyramid, 6 feet in diameter. Each band is 5 inches wide. Recommended for 50 Strawberry plants. \$9.95. Pyramid bed with 50 Red Rich Everbearing Strawberry plants, \$18.45.

PAPER-SHELL PECAN TREES

The South's Best Tree Crop

STUART PECAN

Stuart. Hardest of all paper-shell varieties. Succeeds over wider territory than any other variety. Ideal for growing in deep South, and also—being early—matures farther north than other varieties. The best all-purpose Pecan for all areas. We are proud of the excellent root system we are able to produce on our Pecan trees, which makes them easy to transplant. Once established, the Pecan is a strong-growing, shapely, long-lived tree, which is ornamental as well as fruitful. Highly recommended for planting for shade trees and home-grown nuts. Perfectly hardy in or near the Cotton Belt and may be planted with confidence. Choice 2 to 3-ft. size, \$2.50 each. Choice 4 to 6-ft. size, \$3.50 each.

SOUTHERN MUSCADINE GRAPES

The Famous Grape of the South

- Scuppernon.** One of the oldest and best-known bronze varieties. Quality excellent. Select 2-yr. plants, \$1.25 each.
- Hunt.** Considered best of the black varieties. Vine vigorous and a regular bearer. Excellent flavor. Fine for all purposes. Select 2-yr. plants, \$1.25 each.
- Tar-Heel.** New self-fertile cross-pollinating Muscadine. Very vigorous, heavy producing and also pollinates other varieties at same time. Jet-black fruit of excellent quality. A "must" in every southern garden. We recommend planting Tar-Heel with Scuppernon and Hunt to assure full crops. Select 2-yr. plants, \$1.75 each.

BERRY PLANTS

Plant Our Well-Developed Berry Plants Splendid Root System

HARDY • DEPENDABLE • VIGOROUS

- Morrison Raspberry.** The new giant black Raspberry, praised by growers everywhere. Extremely large, shiny jet-black berries of fine flavor and less seeds than others. Vines are very productive, free from disease and long lived.
- Sunrise Raspberry.** Earliest high-quality red Raspberry. Berries are firm textured, juicy and of delicious flavor. Disease resistant. Excellent for home use. Strong grower.
- Eldorado Blackberry.** The heavy-yielding Blackberry. Has very good quality of other varieties. Berries are of enormous size, shiny jet-black, with sweet, pleasing flavor.
- Thornless Boysenberries.** The sensational new hybrid fruit. Bears immense, almost seedless berries of excellent flavor. Produced by cross-breeding raspberry, blackberry, and loganberry. Delicious when served fresh, and wonderful for canning or freezing.

All Berry Plants above: Heavy-rooted, 2-yr. plants, 10 for \$2.00; 25 for \$3.75

GIANT CULTIVATED BLUEBERRIES

Everyone Should Grow These Delicacies The Aristocrat of the Bush Berry Family

- In addition to bearing a profitable crop, the Blueberry is an attractive shrub that may be planted on the lawn. Enjoy delicious Blueberries fresh, frozen or canned. Blueberry pie is hard to beat. We offer three leading varieties.
- Cabot.** Broad, low bush. Large berries with a delicious sub-acid flavor. Early.
- Rubel.** Vigorous, productive, upright bush. Large berries of fine flavor. Ripens early July.
- Jersey.** Bush vigorous and large. Berries of highest quality. Late.

Choice 3-yr. 12 to 18-in. size, \$1.25 each

STRAWBERRIES

A Delicious Fruit • Easily Grown

Plant Our Big Luscious Strawberries for Heavy Crops and Delightful Eating.

- Healthy plants that will bear bumper crops. Varieties selected for flavor, size and yield. All Strawberries sent postpaid or express prepaid. Arrival in good condition guaranteed or we replace.
- Blakemore.** The ideal early shipping berry. Healthy plant that yields big crops. Fruit firm, of good color and fine for long-distance shipping. Excellent flavor. Fine for freezing.
- Premier.** One of the best-known early berries. Luscious, excellent flavor. Firm shipper and good freezer.
- Tennessee Beauty.** Good color; larger, prolific, excellent quality. Superior for freezing. A most satisfactory home-garden and roadside market berry.
- Superfection Everbearing.** New sensational everbearing. Berries round, firm, dark red color all through. Bears an abundance of large fruit from spring until frost.
- Red Rich Everbearing.** (Plant Patent 993.) A wonderful new everbearing variety that is becoming extremely popular both for immediate use and for freezing. See front of folder.

BLIGHT-RESISTANT CHINESE CHESTNUT

A Good Lawn Tree That Produces Fine, Sweet Chestnuts

These new blight-resistant trees will bear nuts two years after planting. They are fast-growing trees, ideal to take the place of the old-fashioned American Chestnut that we all remember from our childhood days. The fruit is fully as delicious as the native Chestnut, and slightly larger in size. Tree grows to 35 feet tall. Best crops are insured by planting two or more trees for pollination. Select 2 to 3-ft. size, \$2.00 each; 4 to 6-ft. size, \$3.00 each.

BLIGHT-RESISTANT CHINESE CHESTNUT

Ornamental Lawn and Street Trees

Straight Stems • Well Branched • Heavy Rooted • Big Values

LOMBARDY POPLAR

CATALPA, Western. Large, handsome tree, with immense tropical leaves. Big clusters of white flowers with purple center. Very quick growing. Does well in poor soil. Very popular with fishermen for production of Catalpa worms for fish bait. Select 4 to 6-ft. size, \$2.00 each.

ELM, Chinese. Most rapid growing of the better shade trees. Hardy, drought resistant, and attains magnificent proportions. Foliage dark green and very dense. Select 6 to 8-ft. size, \$2.50 each.

MAPLE, Red or Scarlet. Magnificent large tree with wide spreading branches. Light green foliage, turning to scarlet in the fall. Very showy and beautiful. Select 5 to 7-ft. size, \$2.50 each.

Maple, Silver. Most popular of the Maples. Very rapid growing. Develops into large tree with spreading branches. Leaves light green, showing silvery beneath. Desirable for street or lawn. Select 6 to 8-ft. size, \$2.50 each.

Maple, Sugar or Hard. One of the best of all shade trees. Always erect and neat. Dependable for street or lawn, but rather slow growing. Leaves turn to golden hues in the fall. Select 5 to 7-ft. size, \$2.50 each.

POPLAR, Lombardy. Graceful, tall and slender tree. Wonderfully effective as sky-screen when properly used. A very rapid grower, becoming more beautiful with age. Hardy. Select 5 to 7-ft. size, \$1.50 each.

SYCAMORE, American. A large and lofty tree. Easy to transplant and adapted to a wide range of territory. Foliage luxuriant, providing quick shade. Very hardy. Select 5 to 7-ft. size, \$1.50 each.

WILLOW, Weeping. Of stately appearance, with long drooping branches that sway in the breeze. Easy to transplant and beautiful for the lawn. A very graceful weeping tree, with narrow green leaves, silvery beneath. Select 4 to 6-ft. size, \$2.25 each.

MORaine LOCUST. (Plant Patent 836.) This sensational new shade tree solves the shady lawn problem. Fast growing, hardy, resistant to insects and disease. Grows from 3 to 5 feet a year, and will reach a height 25 to 30 feet. Thornless, seedless, Moraine Locust is a clean, tidy tree, ideal to plant near the house for quick cool shade in the summer. A tall, spreading, vase-shaped tree when fully grown. Select 5 to 6-ft. size, \$6.00 each.
